

Shark Website Research Planning Sheet

Directions: You will be researching one species of shark more in-depth and creating a website that displays what you have learned for the rest of the class to view. Use this planning sheet as you work to create your shark website and ensure that you have all of the necessary information.

Name of shark species: _____

| Task | Source | Check off when completed |
|---|--------|--------------------------|
| Habitat research and paragraph | | |
| Appearance/body research and paragraph | | |
| What they eat/hunt research and paragraph | | |
| Life cycle/reproductive research and paragraph | | |
| Human interaction research and paragraph | | |
| Unusual facts research and paragraph | | |
| Home Page including the Title and paragraph | | |
| Accurate sketch with color and 5 body parts labeled correctly | | |
| Distribution map and key | | |
| Plate with 3 food sources (colored & labeled) | | |
| One choice project | | |
